W E L C O M E

A Year of Change and Renewal.

That might be a good description of 2018 at the New Hampshire Boat Museum. It was an exciting year coupled with the challenge of learning all there is to know about the Museum. Coming on as the new director and bringing on a new operations manager has made for an adventurous time. I thank each of you for the support you have given the Museum and patience with us as we have gotten rolling.

We are trying something new this year with our first Annual Report. We are taking the opportunity to look back over 2018 and highlight NHBM's successes and give gratitude for all who make that possible.

A quality that stood out to me over the course of this past season was dedication. Due to the dedication of the members of the Board of Trustees and other volunteers, the Museum kept moving forward during the transition between directors. All of our programs went off without a hitch last summer because of you – our dedicated and passionate volunteers. We have something special here at NHBM!

Some highlights from 2018 that our volunteers helped make possible: Nearly 10,000 visitors participated in at least one of the Museum's programs, events, riding the Millie B, or spent time seeing the exhibits. Brewster Academy students chose boat building as their end of year projects in May 2018. Our safety officer was an integral member of the boat building crew, implementing higher standards of safety

during youth boat building. The sailing program was sold out, again, as was the Lake Discovery Camp prompting NHBM to look into adding an extra week for each program in the 2019 season. Overall it was a fun and busy season!

The 2019 season has arrived with a lot to look forward to. The start will be a little bit different this year due to the new roof and repairs that have been taking place at the Allen A building this spring. As an integral part of the of the Museum's Master Plan for the future, we are taking the time to preserve the building for its eventual re-purpose as a boat building and boat restoration workshop center. It will have an immediate positive impact on this season. No more leaks! Better air flow and insulation that will help keep the building cooler over the course of the summer. With the building envelope tight, our collection inside will be better protected and the building will be preserved. We can focus our efforts fully on the construction of the new museum on Bay Street, without concerns about the Allen A building.

We are racing towards opening day on June 29, 2019 and towards a new chapter in the New Hampshire Boat Museum's history. So glad you have joined us for the ride! Thank you! We will see you at the Museum for *Racing on the Waterways of New Hampshire*.

Capital Campaign, Annual Appeal, Donations & Endowments
The New Hampshire Boat Museum is Grateful for Your Support
The New Hampshire Boat Museum is devoted to preserving and interpreting New Hampshire's
boating heritage.

The Museum invites friends who share its interests and concerns to join us in our pursuit through
A Gift of Cash • A Gift of Securities • A Gift-in-Kind
A Company Match • Planned Gifts and Bequests • The George Johnson Memorial Fund

If you have any questions please contact us at 603-569-4554. Thank you.
